Mr. Henry Chapman Jr.,

Dear Sir:

Referring to your order of the 10th, we expect to deliver same in a day or two.

If we send you coal this winter, may we depend upon your patronage during the coming year? We have many more orders now than we can fill, and naturally wish to supply first those who give us some assurance of future patronage. In normal times when the best Lehigh coals are to be had, we keep them and have no doubt as to our ability to suit you. We are furnishing very fair coal now - the best that comes to Philadelphia - but can give you pure Lehigh as soon as it reaches this market.

Not one of our regular customers has been without coal yet, and they have been supplied at moderate prices, depending upon what we have had to pay. In conclusion, we hope to add your name to our regular list.

Very respectfully,

Richard Parrish
